

THỐNG KÊ BÀI BÁO ĐĂNG TRÊN TẠP CHÍ, KỸ YẾU
Năm học: 2014 -2015 ; 2015 -2016

TT	Tên bài báo	Tác giả	Tên tạp chí, kỹ yếu	Tập	Số	Trang	Năm công bố
1	Some characterizations of Cohen-Macaulay in dimension $>s$	Nguyễn Thị Dung	Bull. Korean. Math. Soc. (SCIE)	Vol 51	2	519-530	2014
2	Segre product, h-polynomials and Castelnuovo-Mumford regularity	M. Morales and N. T. Dung	Acta Mathematica Vietnamica	Vol 40	1		2016
3	Castelnuovo - Mumford regularity and Segre - Veronese transform	M. Morales and N. T. Dung,	Journal of Algebra and Its Applications, (SCIE)	Vol 15	6		2016
4	Sequentially Cohen - Macaulay Rees algebras	N. Taniguchi, T. T. Phuong, N. T. Dung, T. N. An,	Accepted to publish in Journal of the Mathematical Society of Japan. (SCI)				2016
5	Topics on sequentially Cohen-Macaulay modules	Naoki Taniguchi, Tran Thi Phuong, Nguyen Thi Dung and Tran Nguyen An	Accepted to publish in Commutative Algebra (SCIE)				2016
6	Delayed healing of sickle cell ulcers is due to impaired angiogenesis and CXCL12 secretion	Van Tuan Nguyen, Dany Nassar, Frédéric Batteux, Karine Raymond,	<i>J Invest Dermatol</i>				2016

	in skin wounds	Pierre-Louis Tharaux, and Sélim Aractingi					
7	A novel actor in skin biology: the mineralocorticoid receptor	Farman N, Van Tuan Nguyen	<i>Exp Dermatol</i>				2015
8	A novel actor in skin biology: the mineralocorticoid receptor	Farman N, Van Tuan Nguyen	<i>Exp Dermatol</i>				2015
9	Topical mineralocorticoid receptor blockade limits glucocorticoid-induced epidermal atrophy in human skin	Maubec E, Laouénan C, Deschamps L, Van Tuan Nguyen , Scheer-Senarich I, Wackenheim-Jacobs AC, Steff M, Duhamel S, Tubiana S, Brahim N, Leclerc-Mercier S, Crickx B, Perret C, Aractingi S, Escoubet B, Duval X, Arnaud P, Jaisser F, Mentre F, Farman N	<i>J Invest Dermatol</i>				2015
10	Pregnancy affects morphology of induced endometriotic lesions in a mouse model through alteration of	Cohen J, Naoura I, Castela M, Van Tuan Nguyen , Oster M, Fontaine R, Chabbert-Buffer N,	<i>Eur J Obstet Gynecol Reprod Biol.</i>				2015

	proliferation and angiogenesis	Darai E, Aractingi S					
11	Delayed healing in a model of sickle cell disease relates to impairment of endothelial progenitor cell mobilization	Van Tuan Nguyen, Dany Nassar, Sélim Aractingi	<i>The 44th Annual ESDR Meeting</i>				2014
12	Unexpected role for the (Pro) renin receptor in the maintenance of blood-lymphatic separation during skin development	Martin S, Hasle G, Van Tuan Nguyen, Baum D, Oster M, Noël L, Aractingi S, Lebrin F, Raymond K	<i>The 44th Annual ESDR Meeting</i>				2014
13	Re-epithelialization of pathological cutaneous wounds is improved by local mineralocorticoid receptor antagonism	Van Tuan Nguyen, Nicolette Farman, Eve Maubec, Dany Nassar, Dorinne Desposito, Ludovic Waeckel, Sélim Aractingi, Frederic Jaisser	<i>J Invest Dermatol</i>	(original paper, in revision).			2016
14	Impacts of changes in labour and employment structure on rural household	Dương Thùy Trang, Đoàn Văn Trường	Viet Nam population news,		N0 76,	page 5.	July-Sep 2015
